MOBILI TREND
2025

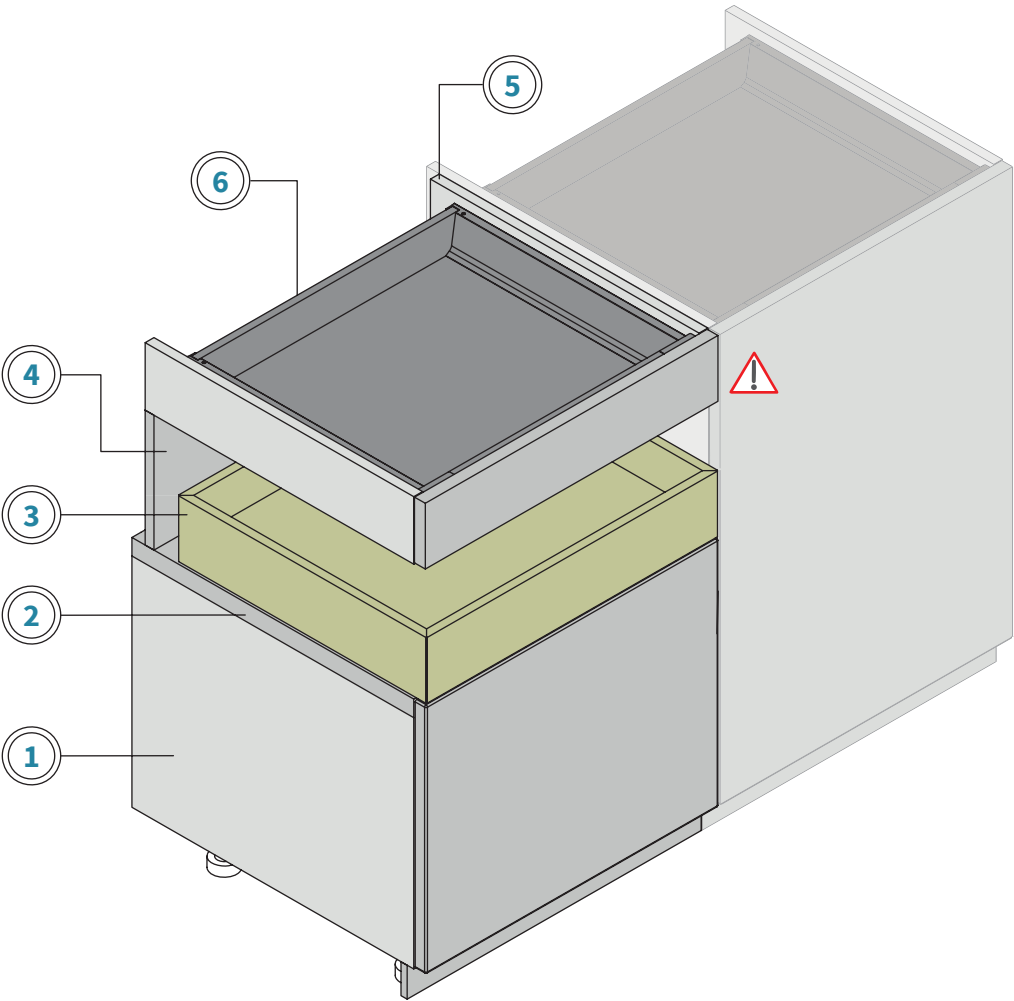

Le basi Trend rappresentano l'essenza di un design contemporaneo e audace. Superando la concezione tradizionale della base per cucina, integrano con eleganza un ampio cestone e un cassetto a vista laccato, che si fondono armoniosamente nella struttura. Il tratto distintivo risiede nella soluzione illuminotecnica: una sottile fascia luminosa nella parte superiore crea un'atmosfera unica, esaltando la funzionalità e la bellezza interna dei cassetti. Questa innovazione stilistica produce un sorprendente effetto di sospensione, alleggerendo l'impatto visivo e creando suggestivi giochi di luce e ombra. Per una cucina dal carattere ricercato e dall'estetica sofisticata.

Trend base units represent the essence of bold, contemporary design. Going beyond the traditional concept of the base unit for kitchen, they elegantly integrate a large deep drawer and an exposed lacquered drawer, which blend harmoniously into the structure. The distinguishing feature lies in the lighting solution: a thin luminous band at the top creates a unique atmosphere, enhancing the functionality and inner beauty of the drawers. This stylistic innovation produces a surprising suspension effect, lightening the visual impact and creating suggestive plays of light and shadow. For a kitchen with a refined character and sophisticated aesthetics.

COMPOSIZIONE ELEMENTO
ELEMENT COMPOSITION

- 1. Base con cestone
Base unit with deep drawer
- 2. Pannello sopra base
Panel above base unit
- 3. Cassetto a giorno scorrevole
Sliding open drawer
- 4. Schienale
Back panel
- 5. Struttura folding superiore
Upper folding structure
- 6. Cassetto superiore
Upper drawer

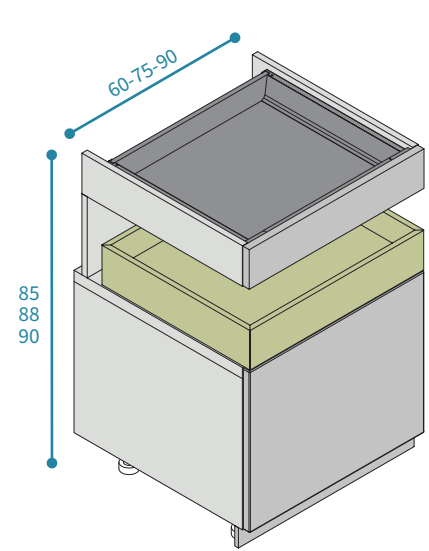

CARATTERISTICHE TECNICHE
TECHNICAL FEATURES

- PROFONDITÀ STANDARD (57,5 CM)
STANDARD DEPTH (57,5 CM)
 - STRUTTURA STANDARD (SP. 1,8 CM)
STANDARD STRUCTURE (TH. 1,8 CM)
 - FRONTALI CESTONE/CASSETTO (SPESSORE COME DA MODELLO DI RIFERIMENTO)
DEEP DRAWER/DRAWER FRONTS (THICKNESS SAME AS REFERENCE MODEL)
 - FISSAGGIO SU BASI LATERALI (con viti) ⚠
FIXING ON SIDE BASE UNITS (with screws)
 - CASSETTO SCORREVOLE LACCATO OPACO E SUPER OPACO (SP. 1,6 CM)
MATT AND SUPER MATT LACQUERED SLIDING DRAWER (TH. 1,6 CM)
 - CASSETTO SUPERIORE, SCHIENA E STRUTTURA FOLDING ABBINABILI
UPPER DRAWER, BACK PANEL AND FOLDING STRUCTURE MATCHABLE
 - PIASTRA DI SUPPORTO PER SOLUZIONI MAGGIORI DI L 90 CM
SUPPORT PLATE FOR SOLUTIONS OVER W 90 CM
 - ILLUMINAZIONE LED (A RICHIESTA)
LED LIGHTING (ON REQUEST)
- I moduli Trend scorrevoli vanno sempre fissati lateralmente su entrambi i lati, come da indicazioni di montaggio.
Sliding Trend modules must always be fixed laterally on both sides, as per the assembly instructions.
- finiture modello Shade Lab (vedi listino)
finishes of Shade Lab model (see price list)
- finiture disponibili a pagina 14
available finishes on page 14

Indicazioni progettuali

Design guidelines

I moduli Trend scorrevoli vanno sempre affiancati a basi standard della stessa modulistica o, in caso di fine composizione, deve essere inserito un fianco di finitura fino a terra.
Fissare sempre i mobili Trend lateralmente come da indicazioni di montaggio.
Sliding Trend modules should always be placed side by side with standard base units of the same design or, in the case of an end composition, a finishing side panel must be inserted down to the floor.
Always fasten Trend furniture to the side as per the assembly instructions.

NON REALIZZABILE FUORI MISURA
NOT FEASIBLE IN CUSTOM SIZED

Fianco a terra di fine composizione
Side panel to the ground at the end of composition

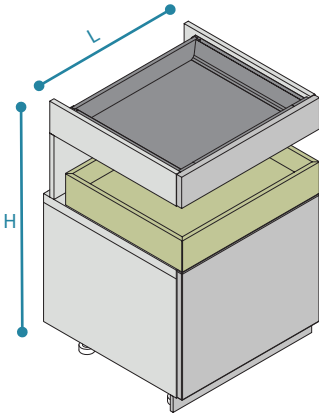

Base standard (stessa modulistica)
Standard base unit (same as forms)

Disponibile come anta o come top solo nella versione laminato (NO COMPOSITO O CERAMICO).
Aavailable same as door or as a worktop only in the laminate version (NO COMPOSITE OR CERAMIC).
